# THE HIGHLANDER

EDITION 1947

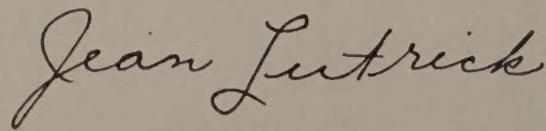

## Foreword

Our modern school has a double obligation to its students. Not only must it teach them the academic subjects, it must also teach them democracy and citizenship—how to get along with one another in this complex modern civilization. We feel that in these turbulent post-war days this is more important than ever; and we feel that our school has not failed us. To illustrate how well our citizen-students have learned their lessons, we here show them as they take their places in the life of our home towns, the City of University Park and the Town of Highland Park. We fervently pray that the lessons of democracy and citizenship learned at "the school we love so dear" will spread not only through our home towns, but throughout our state, our nation, and our world.

## *Dedication*

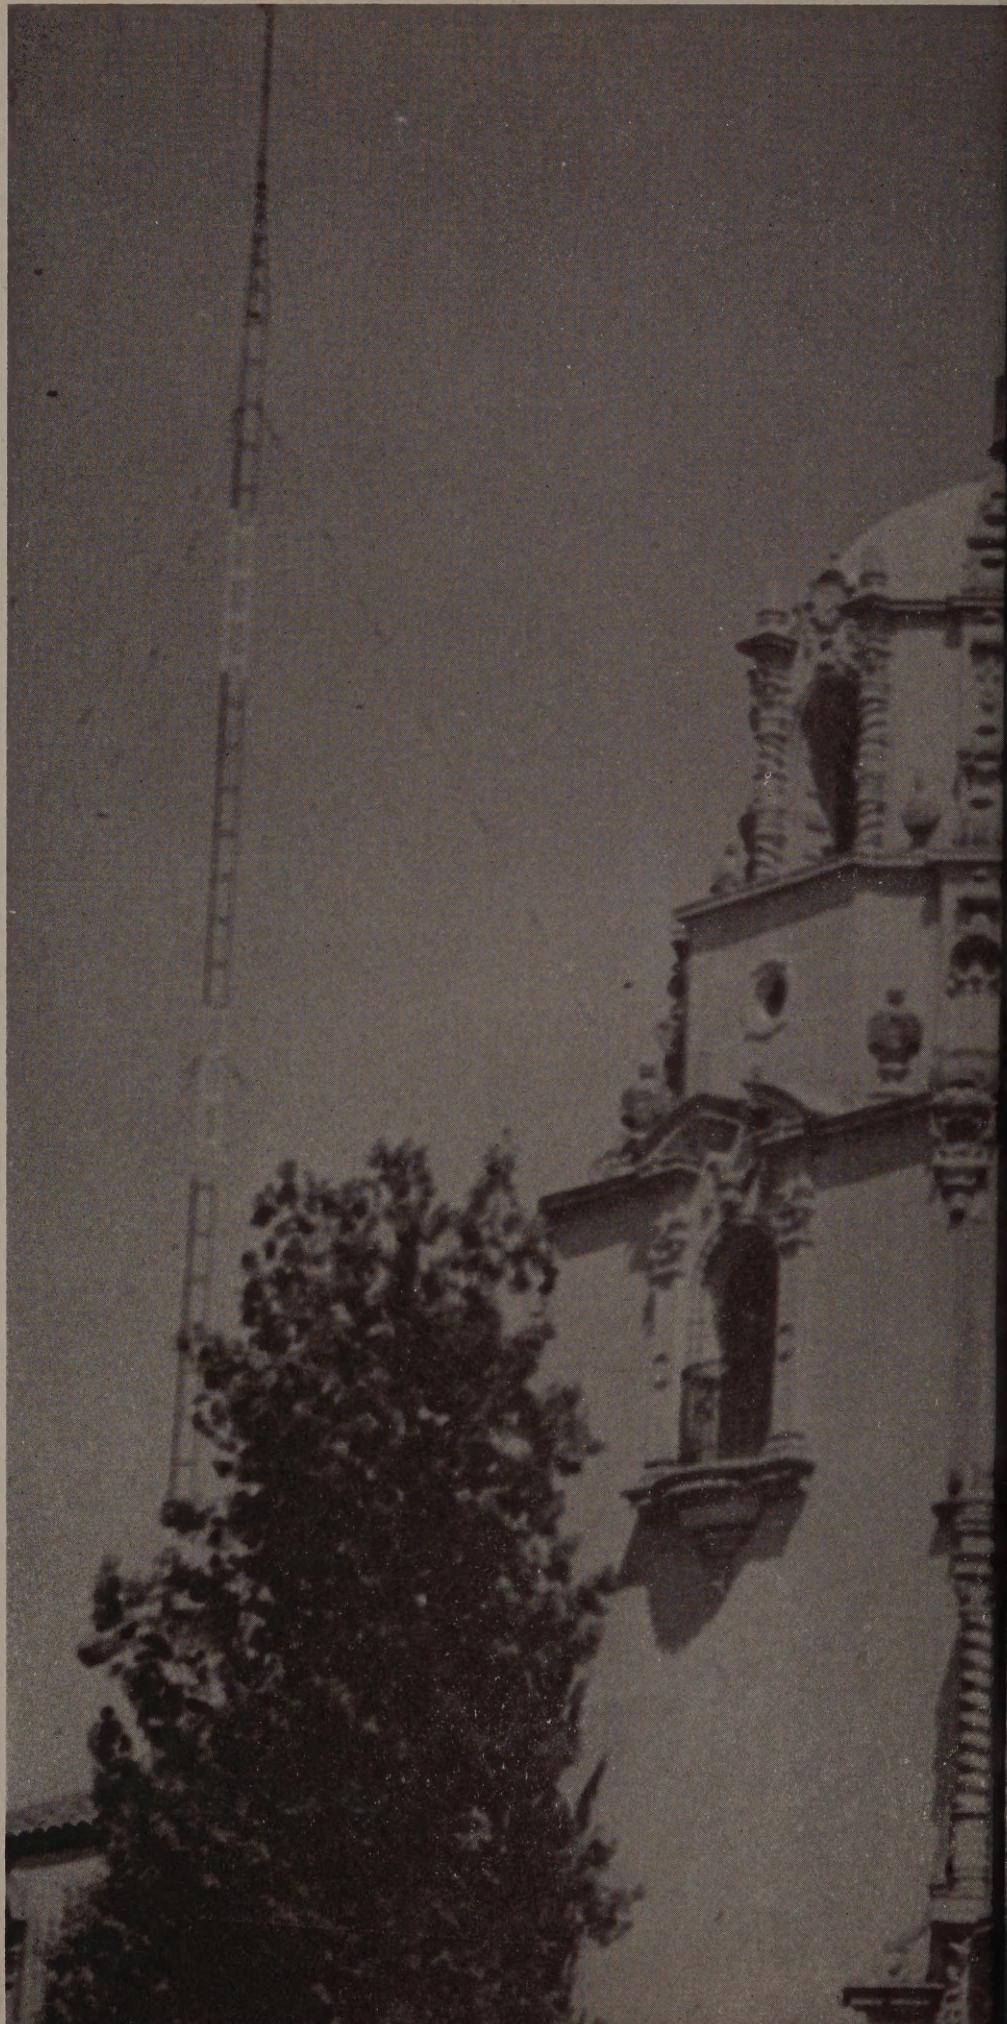

This twenty-fifth edition of the HIGHLANDER is dedicated by the Senior Class to one who has by his constant labor, leadership, and likability led our school to triumph and honor on the athletic field; and who has by his own example and conduct taught our citizen-students an invaluable lesson of sportsmanship and fair play: Coach Herman Morgan.

## The Highland Park Town Hall

The Town of Highland Park, two square miles in area, was incorporated in 1913. Made up of residences, churches, schools, and three small retail districts, it has a population of a little more than 13,000.

Municipal government is of the mayor-alderman type and consists of a mayor and five aldermen-at-large, each of whom is given supervision of a particular phase of the administration. Business is conducted in the town hall at 4700 Drexel Drive. This building, built in 1924 with additions in 1926 and 1929, contains the city administration and the corporation court, as well as the fire and police departments of nineteen and thirteen men respectively, the two-way police and fire radio station, KQGS, and the Highland Park Town Library.

## Highland Park High School

The Highland Park Independent School District was organized in 1914, and in that year Armstrong School, at Cornell and Byron, was begun. To this there were soon added two years of high school.

In 1922 Highland Park High School was built at 3520 Normandy. Here the two years of high school were moved from Armstrong, and a third year was added. A senior year was added the following year, and the first graduating class was that of '24.

The present building, located at 4220 Emerson, was built in 1936 and first occupied in April, 1937, making this year its tenth anniversary of service to the community.

## The University Park City Hall

On April 17, 1924 the Town of University Park was incorporated, the name later being changed to the City of University Park. About three and three-fourths square miles in area, the town had an increase of population from about 5,000 in 1924 to 22,000 at the present.

The City Hall, on University Boulevard, was originally built about 1924 and rebuilt as it stands at present in 1932. It houses the municipal government which is of the commission type; the fire and police departments of twenty-one men each; and the police radio station, KQZI.

One of Highland Park's most important organizations is the Student Council which carries on the leadership of the student body. Our council has been busy this year with each one of its forty-eight members helping put over drives for the Red Cross, March of Dimes, P-TA, Dads Club, and sale of tuberculosis seals. The Council turned to the political bandwagon when it backed the choosing of the "Scottie Sweetheart" and the election of new officers for the coming fall.

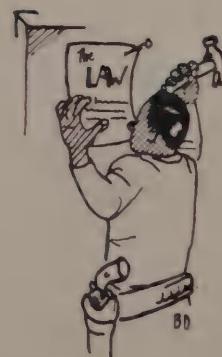

Important in this year's work were the various conventions which our Council members attended. Hal DeMoss and Miss Louise James, sponsor, flew to Miami, Florida, to attend the Southern Association of Student Government's Convention. Hi Park played host to the T. A. S. C. Convention when five hundred students from Texas schools filled Hi Park's halls.

The Council is responsible for the student directory; Bobby Garritson was the momentum behind this year's edition. All Scotties are proud of our Council and congratulate its members and sponsors on their good work.

The supreme command of the Student Council evolves forthcoming strategy.

Highland Park salutes her students bearing records of high scholarship, outstanding leadership, service, and character as shown by nomination to membership in the National Honor Society. The group selected is from students of the 4A, 4B, and 3A classes, and from those who have a scholastic average of at least two and a half grade points.

The teachers select from the group of scholastically eligible students a number that must never exceed the specified percentage from each class. In making this selection leadership, service, and character are also considered.

This organization keeps records of the students' different activities. At the end of each semester the society presents to one boy and one girl of the 4A class the "H" blanket which is one of the most coveted honors awarded by the school.

High Park places the National Honor Society before her students as a target for accomplishment and high ideals.

Gay ol' time at the Hi-Lite "backward dance."

In charge of the year's festivities is the Social Committee which has built up quite a reputation for originality with its unusual fall dances. This committee also plans the traditional spring formal and presentation of the officers, the Christmas party, the banquet in the spring honoring the newly elected officers, and, in collaboration with the Hi-Y, a friendly, informal "get-acquainted dance" at the beginning of the fall semester.

It is the responsibility of the Welfare Committee to arrange for a party to be held each Saturday at the various Mexican Missions. Small groups of girls provide entertainment and a light lunch for the boys and girls at each Mission. At Christmas they distribute presents, food, and clothes to the children and their families.

The work of the Junior Red Cross is carried on by the Red Cross Committee. This worthwhile group numbers among its projects gifts for veterans' hospitals, help for the underprivileged children of Europe, and collections for the American Red Cross.

No Hi-Lite meeting would be complete without the interesting, educational, and hilarious programs presented by the Program Committee. The applause and laughter each Tuesday morning are the rewards for time and energy well spent.

Ever notice the clever posters on the Hi-Lite bulletin board? Those little announcements of future meetings and reminders of current drives are the work of the Bulletin Board Committee, a group of girls which deserves the credit for keeping members informed of the up-to-the-minute club news.

Not to be forgotten or omitted is the Hi-Lite Brigade which keeps the record of the ex-students. The hard-working members of this committee make it their business to check up on each H. P. alumna, the schools she has attended, the honors she has won, and her present occupation.

Hi-Y Officers, proud of their character-building brotherhood.

Ranking among the largest and most effective youth organizations of the nation striving to further Christian character and fellowship is the Hi-Y. Furthermore Highland Park boasts the largest Hi-Y club in all the nation.

*Spring*

Moreover, realizing that the spirit of the nation lies in the education of its youth, the Hi-Y club has chosen well as its purpose "to create, maintain, and extend throughout the school and community high standards of Christian character."

By weekly meetings filled with inspiring lectures and performances, by carrying on varied social activities, and by sponsoring benevolent drives the club endeavors to impress upon each individual deeply the purpose along with the slogan: clean speech, clean sports, clean scholarship, clean living. Each member is encouraged to strive toward the ambition to do the best he can in speech, manner, study, and in service that he may actually put on and wear all this in his everyday actions so as to make life more worth while for himself and his community.

Quill and Scroll, the International Honorary Society for High School Journalists, had a small but very talented group of members this past year. Its main activities were publishing the *Kiltie* manual and keeping records of ex-students.

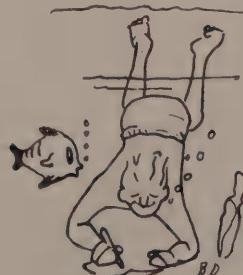

This organization which was begun at Hi Park in 1937 is indeed one of the most honored groups in the school. Its requirements are not easy by any means. A prospective member must have at least a junior standing, be in the upper third of his class, and must have done outstanding work in one of three fields—advertising, writing or art—on either the *Highlander* or the *Bagpipe*.

The newly initiated—and are they ever proud!

Those celebrities who walk around the halls of Highland Park with a foreign air are probably members of the Internationalists' Club. Although now loyal Scotties, all have resided at one time or another for at least six months in some foreign country. Meetings of the club are held at the homes of members where motion pictures are shown, experiences told, stories swapped, traditional costumes modeled, and souvenirs exhibited. Food is also said to be an important part of the meetings.

Aside from giving an annual program for the Travel Club the Internationalists' main project is to welcome all newcomers from foreign lands to our school and to help them acclimate themselves to their new environment.

If you want to see the world from an arm chair, join the Highland Park Travel Club. This club is the fourth largest club in school and is one of the most active.

Guest speakers from all parts of the world have brought us

travel and foreign lands. They tell of the habits and customs of the people of strange lands.

The club has traveled extensively this year on its trips to and from the Lisbon Veterans' Hospital to put on several entertainments. At these programs the members sang, danced, and gave comical and serious readings. The travelers went to Lisbon for a Christmas bingo party with presents, ice cream, and home made cookies.

Heading the list of travelers is their sponsor, Mrs. I. O. Miller. Mrs. Miller has been sponsor of the club since 1937 and is the real spark-plug of the organization.

The welcome mat of the Junior Historical Society is always out for those who are interested in the history of Texas and of Dallas County. This youngest and fastest growing of Hi Park's clubs is an affiliate of the Texas State Historical Association,

and its members are ardent boosters of their native state. The high point of each year's activities is the program presented in the spring at the Hall of State and attended by students of all the Dallas schools.

Such interesting programs as talks by members of the Daughters of the Republic and a beautiful, technicolor movie, shown by Dr. Fletcher, our own Director of Instruction, were arranged for this year's meetings by the sponsor, Mrs. I. O. Miller. The bingo party, given with the Travel Club, for the veterans at the Lisbon General Hospital and the annual picnic at the end of the year made up the social calendar of the Historians.

In case you should wander into the art room any Tuesday afternoon after school and find a number of students working with wood, clay, leather, plaster, pastel, watercolor, or any other medium, you will know it is Art Club day; and the lucky members are doing the things they most enjoy. But they are also on call to assist many departments of the school and community when decorations, posters, stage sets, and other art activities are needed. They arrange exhibits and wall case displays in the school corridors, contribute art work to the school publications, and in general add an artistic touch to school life. With their modest dues they have acquired a collection of original prints, which is supplemented each year.

This club also finds time for its annual social affairs, which are eagerly awaited from time to time. The Art Club is carried on by the capable leadership of their sponsor, Miss Nancy Ella Dial.

The three B's of the 1946-47 Highland Park Orchestra are not only Bach, Beethoven, and Brahms but are also the three descriptive adjectives bigger, busier, and better.

In contrast to last year's roster of twenty-eight this year the orchestra has boasted a membership of forty-two regulars and ten beginning string students. This increase in personnel has caused the group to outgrow Room 102 and made it imperative for it to transfer to the Band Room to avoid very crowded conditions.

The senior members at the Orchestra banquet.

Never a dull moment was to be found on any day of the past year. Preparation for assembly programs, graduation exercises, radio broadcasts, the Christmas program, Dads' Club programs, and concerts in the Park Cities grade schools equaled no small tasks.

Besides preparation for and participation on these programs the orchestra members bused themselves practicing for the Hi Park band and orchestra intramural solo contest, trekking to Galveston on February 6, 7, 8 for the Texas Music Educators Association conference and clinic, and working as co-sponsors with the band and chorus of the second annual Highlander Festival.

The orchestra's quality reached an all time high, and its progress was shown by records made at different times during the year. Individual artistry was better, too, as shown when Barbara Nash, 2B, and Bob Wayne, 4B, won the highest possible rating, a one double plus, in the December solo contest.

## The Annual Highlander Music Festival

First held in 1946, the Annual Highlander Music Festival has been accepted as a permanent institution and as a source of pride to the school and to the community. The Festival, sponsored by the Highland Park Independent School District, brings together numerous nationally known music educators and adjudicators to judge, criticize, audition, and clinic music of bands, orchestras, and choruses, and the drilling of marching bands and pep squads. In its first year, forty-five organizations and approximately 3000 students from the schools of Texas and the surrounding territory participated. Each participating school is represented by a queen, who becomes a member of the court of Hi Park's reigning queen. This beautiful court is presented at the evening marching pageant and contest, perhaps the most colorful event of the festival. This picture shows the queen's rostrum flanked by some of the participating units, as they appeared at Highlander Field during the marching pageant of the 1946 Festival.

## The Highland Park Scotties

The Highland Park Scotties are a group of great high school athletes. That in itself would be enough. But, along with this, through their zealous athletic endeavor, outstanding school and team spirit, and an immaculate record of fair play and good sportsmanship, as well as achievement, they have become a community institution and an object of civic pride. The Scotties have won recognition and honor in all sports: basketball, baseball, track, swimming, tennis, and golf; but probably most famous of the Scotty aggregations is the football team. Backed and spurred on by an eager student body and community, the Golden Avalanche has been champion in this district, 6-AA, for six consecutive years. Further, they have reached the semi-finals in the state playoff for the past four seasons. This picture shows the team in action during the 1946 season.

## FOOTBALL

On September 1, while the lazier Scots were just returning from summer vacations, our football heroes, consisting of thirteen lettermen from the 1945 co-champs and sixty ambitious recruits, were already starting the drudgery of preparing themselves for a now historic season on the gridiron.

### SCOTS TROUNCE BULLDOGS 26-7

The Scotties started off the season in fine style by defeating the North Dallas Bulldogs 26-7. The Scots were paced by the running of Russell and Fikes, the kicking of Snyder, and the line play of Maddox, Pendleton, Fuqua, Hall, and Lee.

### HIGHLANDERS SKIN BOBCATS 31-6

Continuing their high scoring spree the Highlanders galloped to a pleasing victory over their discouraged West Texas foes, the San Angelo Bobcats. Scoring were Fuqua—2; Fikes—1; Brown—1; and Russell—1, who scored by recovering his own kick-off for a touchdown.

*Right:* Fuqua backs the fightin' Scotty wall... Ugh! Russell tries hard at Odessa.

*Left:* Fikes totin' the pigskin... John Greer, manager... An eventful "Turkey Day" game... North Side "Steers" get roped again.

*Left to right:* Ralph Maynard, back; Bobby Gibbons, back; Joe Rowe, end; Sam Manatt, tackle; John L. Maxwell, guard; Overton Shelmire, manager.

#### BEARCATS NOSE OUT SCOTTIES 13-12

Losing their first game in two seasons the Highlanders fell victim to the Sherman passing attack by a traditional heart-breaking score of 13-12. Bobby "Dink" Maxwell and "Rusty" Russell scored on 61 and 68 yard dashes respectively. The Scots led until the last few seconds when Sherman pushed over its final tally with a pass for the extra point and the winning margin.

#### AVALANCHE WHIPS LEOPARDS 12-0

The Scots once again got on the victory track when they defeated the Adamson Leopards 12-0. Russell produced the first of the two tallies. Sparked by Fikes's 31-yard run the Scots went 78 yards in the third period with Pendleton finally smashing over for the score.

#### MAVERICKS EDGE HIGHLANDERS 13-12

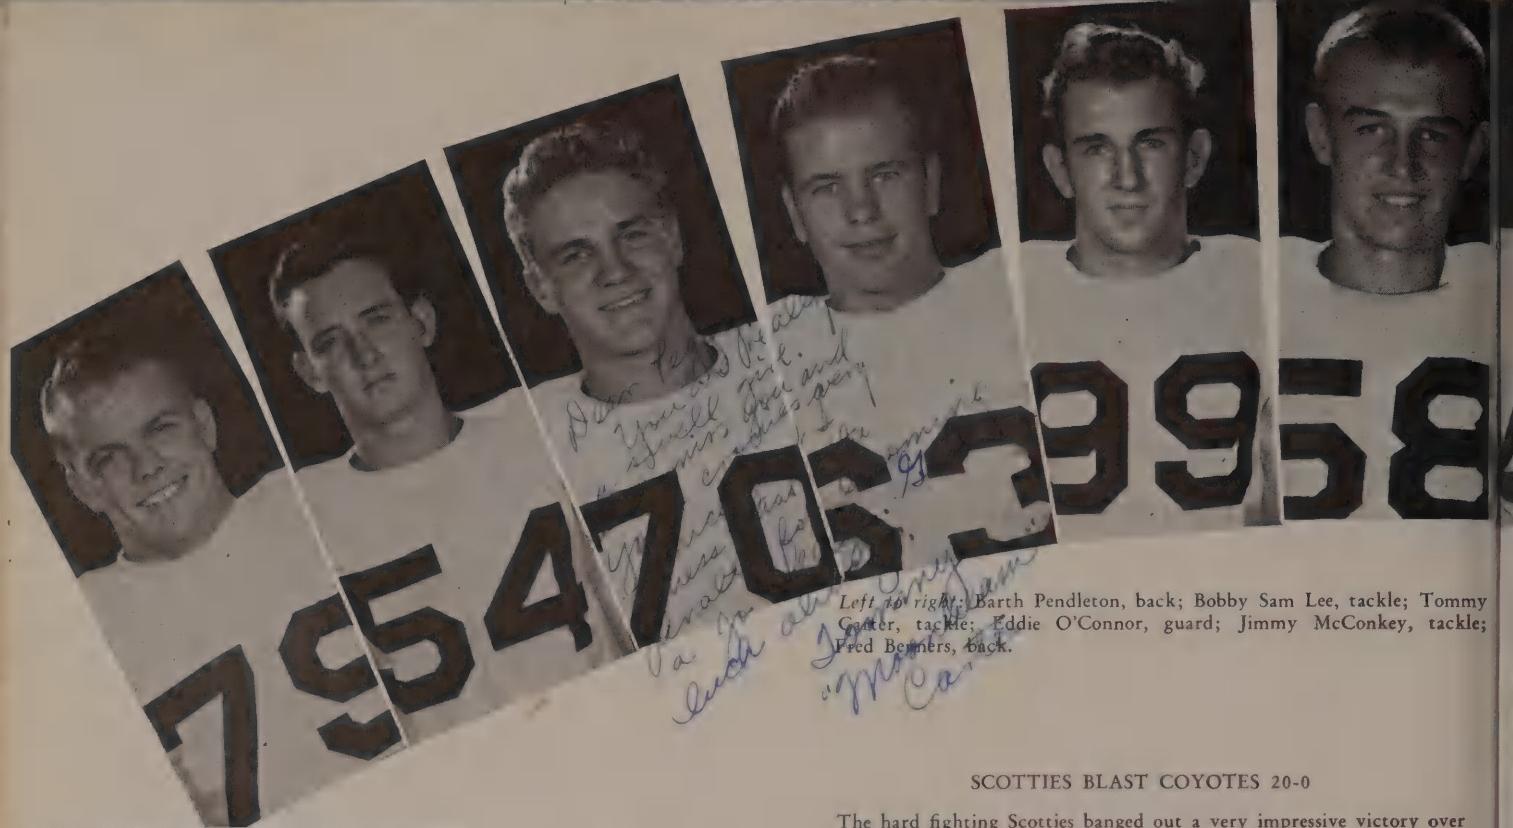

Playing one of their two games in the Cotton Bowl during the State Fair, the Highlanders were edged in a hard fought game by the Marshall Mavericks. Ending an 80-yard drive, Fikes raced over from the 20 for the Scots' first score. Trailing by 7 points, it was deep in the final period when a Benners to Rowe aerial produced the final Scottie tally.

*Right:* Loyal Scotty plowin' the opposition under . . . Sucker play . . . Here we go again.

*Left:* "Dink"! foxing the opposition . . . Scotties going through the middle.

*Left to right:* Barth Pendleton, back; Bobby Sam Lee, tackle; Tommy Carter, tackle; Eddie O'Connor, guard; Jimmy McConkey, tackle; Fred Berners, back.

## SCOTTIES BLAST COYOTES 20-0

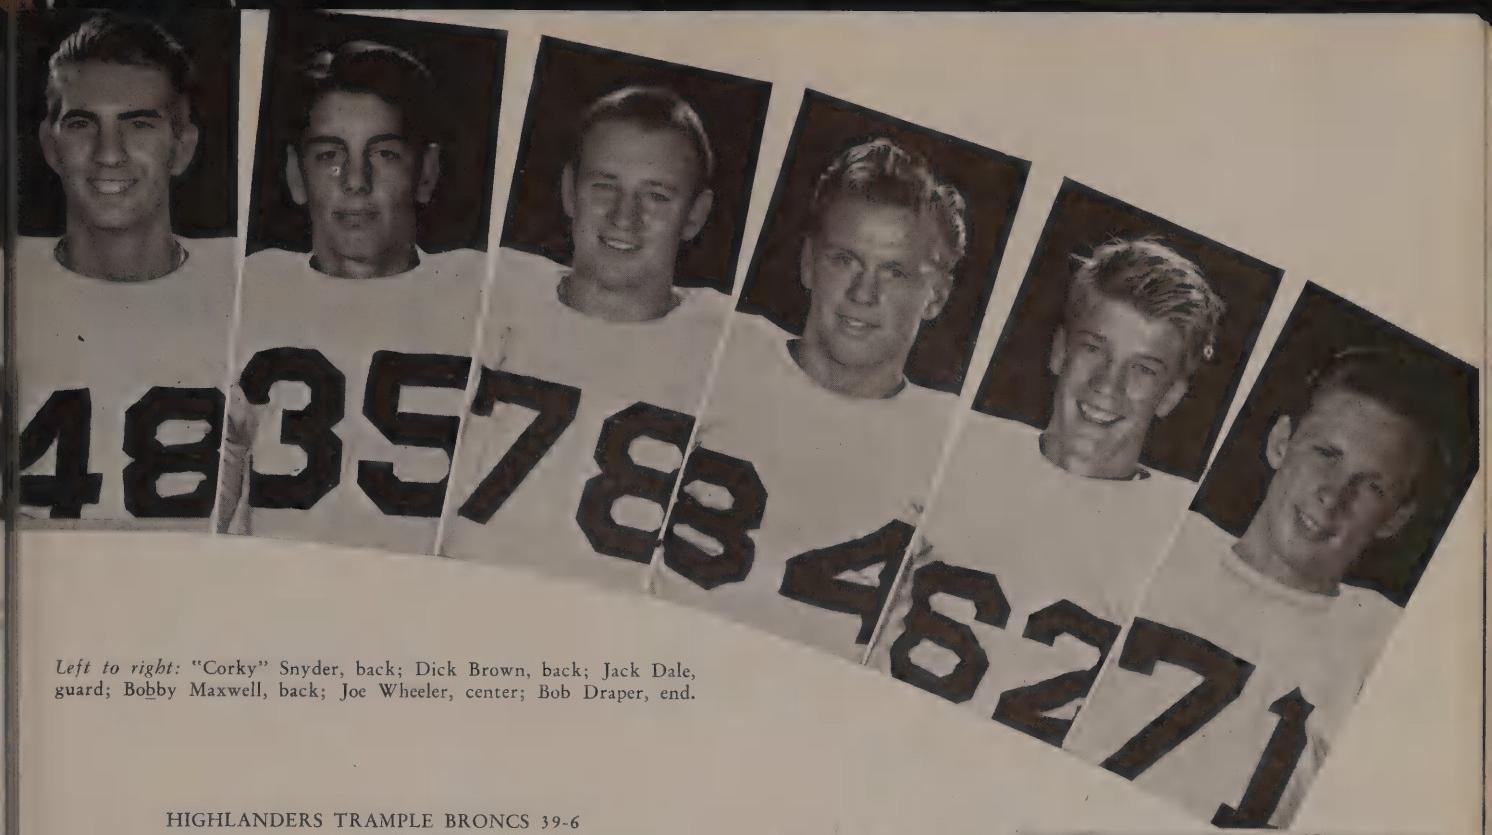

The hard fighting Scotties banged out a very impressive victory over the Wichita Falls Coyotes in another one of their Cotton Bowl games. Fikes, Maxwell, and Russell did the scoring; but a lot of the credit should be given to Bill Fuqua, Tommy Carter, Jimmy McConkey, Bob Irons, Bob Draper, Bill Irish, Joe Rowe, and George Maddox, all members of our hard charging forward wall. Due to this thrilling victory our rating in the state race rose from fourteenth to fifth place.

*Right: "Moodbeam" comes a-shinin' through . . . Scotties go again.*

*Left:* Fred in a dilemma . . . Bill Fuqua, guard . . . "Catch me if you can?"—Rusty wallows in the mud at the Denton game...Happy day in Scotty memories: Hi Park 19, North Side 7.

*Left to right:* "Corky" Snyder, back; Dick Brown, back; Jack Dale, guard; Bobby Maxwell, back; Joe Wheeler, center; Bob Draper, end.

#### HIGHLANDERS TRAMPLE BRONCS 39-6

After a comedy of errors consisting of fumbles and a blocked kick, the Scotties got under way against Denton with their passes clicking 8 out of 12 times, 4 good for touchdowns. The Scots completely outplayed their traditional rivals; but June Davis, ace runner and kicker, proved to be the mainstay in the Denton eleven and one of the most outstanding players on the field. Brown turned in an exceptionally fine game, scoring two touchdowns for the victors.

#### SCOTS SMOOTHER COLTS 44-6

Running wild throughout the entire game, our gridiron strongmen rode the Arlington Colts out of the stadium to the tune of 44-6. Almost all players saw action while the second and third strings proved their value by scoring almost as often as the regulars.

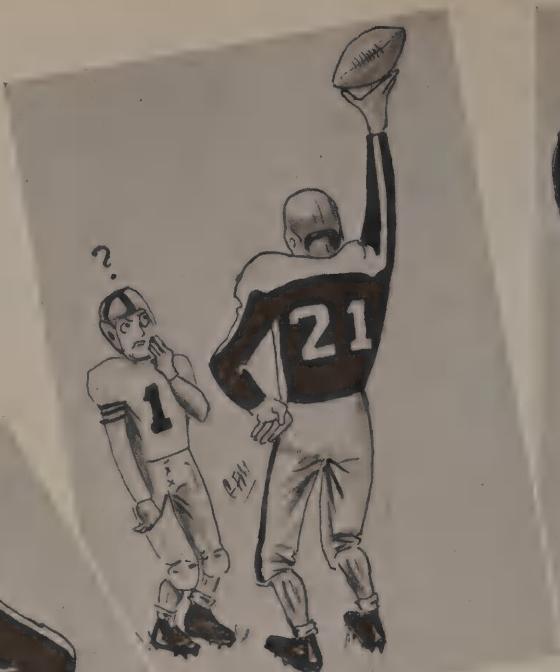

*Right:* "Rusty" Russell, back . . . "Rusty" cocks his mighty arm . . . The "Golden Avalanche" trots on the field . . . The Scotties meet the Marshall "Mavs."

*Left:* Highlanders down highly-rated Wichita Falls eleven . . . Hi Park rolls on.

*Left to right:* The mighty forward wall, seen from end . . . My, but Drape's tall . . . Ray!!! "Horse" the center scores a touchdown.

#### MIGHTY SCOTS DRUB LIONS 32-6

Celebrating their annual Feast Day with the McKinney Lions, the Highlanders jumped into the middle of the state race for the sixth straight year by trouncing their foes 32-6. The Scotties won in convincing fashion but not before the surprising Lions grabbed a first quarter 6 to 0 advantage, throwing a scare into the champs. From there on out, however, it was the Scotties all the way. The mighty avalanche piled up 17 first downs to their opponents' 3 and a net rushing gain of 304 yards to 0. Their passing pleased everyone, with a record of 5 completions out of 8 tries.

#### AVALANCHE NIPS JACKETS 14-0

Playing a wide awake brand of football the Highlander backfield aided by crushing blocking from the line, powered its way through a scrapping Denison eleven 14 to 0. Meeting a tricky defense it was not until the third quarter that the driving of Pendleton, Russell, and Fikes finally broke the back of the determined underdogs. In a last stab at victory Denison sent in their great back, Roy Jackson; but his injured knee refused to allow him to play. Then the Morgan boys iced the game by an 81-yard sustained drive that looked like the "Charge of the Light Brigade."

#### DALLAS SCOTS STAMPEDE STEERS 19-7

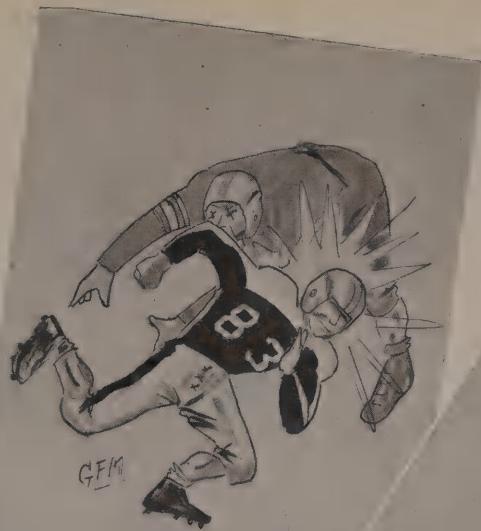

A brilliant sun shone down on a brilliant football club in Ownby Stadium as the Avalanche came from behind to overpower the previously undefeated, untied North Side Steers to enter the semifinals for the fourth straight year. Perhaps no player deserves more credit than another, because the game was a great example of team play. However, a few highlights will long be remembered. Bill Fuqua's sensational block for Maxwell. . . Punt returns by Maxwell. . . Stone wall Scot line, featuring Maddox, Carter, McConkey, O'Connor, Pendleton, Irish, Gibbons, and J. L. Maxwell. . . Fikes' touchdown gallop. . . Power by Russell and Brown. . .

*Above:* "String-bean" Draper snags one.

*Right:* "Rusty" digs for every inch . . . the booters of Highland Park practicing.

#### SCOTS BOW TO MIGHTY BRONCHOS 21-13

Traveling to Odessa for the semifinal game the Scots were subdued by the hard playing Odessa Bronchos, but not before they had given the eventual State Champs the toughest battle of their long season. The Avalanche got off to a good start and led 7 to 0 before the first quarter was over. This was the first time all season that Odessa had been behind. However, by halftime the score stood 13 to 7 in favor of the Bronchos. Battling with their backs to the wall during the third quarter a fighting Scot eleven staved off one after another touchdown drive, but were unable to get out of hot water. Their mighty resistance was finally broken in the closing minutes of the game. In spite of this the Highlanders added another touchdown of their own when Fikes caught a short pass from Russell and made a brilliant run for 64 yards and our last touchdown of a glorious and highly successful season.

The entire student body is with us as we offer our sincere thanks and appreciation to our coaching staff: HERMAN MORGAN, G. B. MORRIS, and ERNEST KENNEDY. We all recognize the great amount of time and energy these men have put in to training a gang of boys into an efficient team that has brought great fame to Hi Park Hi!

## BASKETBALL

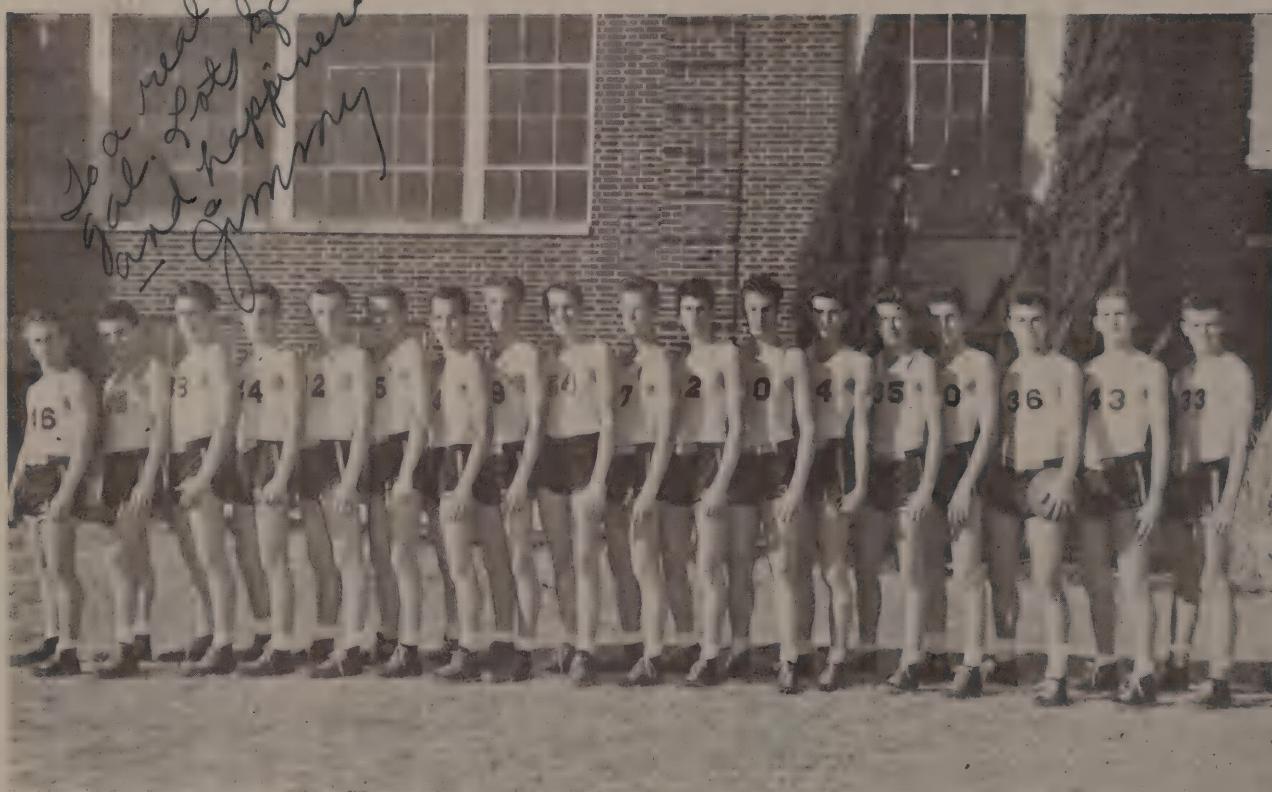

Coach Binnion gives tips to Captain Benners.

"Always on the Job"—Managers John Gealy and Chester Bradley.

To the Scotties who pay little or no attention to the exciting exhibitions of skill displayed by the Highlander Basketball team, we present this history of exploits dedicated to those whose muscles are still sore from the 1947 Basketball season. As in the previous year the brain behind all this perspiration and strategy was our able coach, Ralph Binnion.

We opened our fine season by smashing the Forest Lions in our first game of the Dallas Invitation Tournament. Afterwards, however, we were defeated by the defending state champions, the Crozier Tech Wolves. These games were played during Christmas vacation at Dal-Hi Stadium and were not part of our regular season. At this time it would be wise to point out that no one would ever apologize

for the splendid showing our team made this year. The most outstanding feature of the season was that despite early losses due to training sessions shortened by a long football season, the team displayed marked improvement each week and did not figure in the championship because of two early district losses before the team hit its stride.

Two other pre-district games with Dallas teams were played with Sunset and North Dallas, from whom we won and lost, respectively. Except for winning two games from North Side of Fort Worth, the remainder of the season, which lasted until February 14, was made up entirely of district games. These consisted briefly of two victories over Arlington, which marked the last times the two teams met in district play; two defeats at the hands of Sulphur Springs; one defeat and one outstanding triumph over Denton; and two hard fought victory battles with McKinney.

The high points of the season can easily be noted. Two decisive victories over an excellent North Side team; and the steady improvement of the entire team until the highest point of all when we defeated the eventual champion, Denton, 44 to 24. This success came as the crowning event to a much improved Scottie team which performed as perhaps no other team in Texas could have done.

Despite heavy competition in an outstanding District, the Highland Park cagers finished in third place. As is true in most sports, the spirit and determination of the entire squad is the chief element of victory. As the team advanced on its victory road, some names stood out consistently as good athletes. Our team had its share of stars in Benners, Robertson, Duncan, Russell, DeMoss, and Rowe who proved their excellence throughout the season. Other outstanding performers were Bailey, Hill, Wheeler, and Maxwell, not to mention other reserves and thirty boys on the B-Team. CONGRATULATIONS—one and all—for a swell season of sportsmanship and excellent play.

## TENNIS

Coach Akin's aggregation of Hi Park tennis players concluded a most successful season by winning the State High School Tennis Championship in the finals at Austin. Our two first places were won by Dixon Osburn in the boys' singles and Joan Akin and Carol Clabaugh in the girls' doubles. Our boys' doubles team of Bob Butts and Harland Mayes was eased out of the running by Waco, the eventual State Champion Team, in the regional finals.

## SWIMMING

Aquatic Coach Wally Hoffrichter announced the record breaking number of fifteen lettermen this year after the Scots had completed another fine tank season. Highlight of the campaign was the taking of second place in the Southwestern Interscholastic Championships held April 26 and 27 in the Dallas Athletic Club Pool. The '47 team was ably led by Co-Captains Robert Walker and Don Gebert. Skippy Browning took the only championship in the Southwestern Meet, topping the field in the fancy diving division. Prospects for next year are exceedingly good as only Gebert will be lost through graduation.

## GOLF

Golf again attained a prominent position in Hi Park sports, thanks to the interest and enthusiasm of Coach Newman Casey. Our team demonstrated fine spirit throughout the season, being paced by Bradley Erringer who took second place in the driving event at the Fort Worth Fat Stock Show. The annual High School State Tournament, sponsored by Highland Park High School, was revived for the first time since 1942, with seventy-nine entrants who participated at the Cedar Crest Golf Course. Bert Bond and John Touchstone qualified for the championship flight but were defeated in the second round by the eventual winners. Bradley Erringer also won the second flight consolation. Jack Raley and Dick Brown, who are not shown in individual pictures, also lettered.

## Girls' Sports

Believing in the old maxim of "a sound mind in a sound body," Highland Park High School has provided an extensive athletic program for its girls as well as for its boys. Competing in class teams as well as in "Intramural" tournaments, the girls play tenniquoits, basketball, volleyball, and softball. They also participate in various other sports and activities including folk dancing, speedball, badminton, riding, and tumbling. The accompanying picture depicts Scotty lassies and lads cooling off and participating in aquatics at the University Park swimming pool.

**“Mens Sana in  
Corpore Sano”**

Miss Watson, Miss Van Buskirk, and Mrs. Berry: our girls' gym coaches.

## GIRLS' SPORTS

Girls, girls, girls everywhere! I bet you boys are wondering what it's all about. Don't let it disturb you. These are the girls who "work an sweat" in gym classes and after school day after day. Boys aren't the only ones with good muscles and that ol' competitive spirit. Try and stick it out as we explain to you the why's, how's, and when's of girls' sports. Are you with us?

There are five classes a day. Each class is divided into six or eight teams. The first semester in the fall is given to those round, rubber, doughnut-like things called tenniquoits. The object of this game is to catch them in one hand without juggling or dropping them and then cast them back over the net with a twisted, mangled, complicated looking throw. Intervening with tenniquoits was speedball. This gives the gals a chance to go out in the sun and enjoy their own field which was acquired this year.

The next few weeks were spent in posture and conditioning exercises. With groans and moans we shaped up our figures, or could you tell?

### PILLS PLUS BRAWN

Now for the sport of champions . . . that breath-taking battle of basketball. The equipment for this game includes a carton of vitamin pills, Herculean muscles, a knowledge of the marines' combat course, and last but not least that little necessity which adds so much to the game, a basketball.

### WOT! MORE BASKETBALLS

Following our short stay in the sanitarium, a result of coming into contact with too many basketballs, we make our grand entrance back into class, only to find more of those obnoxious little balls. After this shock the teachers explained to us the refreshing (after basket-

ball, that is) game of volleyball. The requisites of this game are skill in handling the ball plus a strong sense of co-operation.

### INTRODUCING . . .

"Little chickens scratchin' gravel; grab your gal and homeward travel." Does this sound like gibberish to you? Well, it is. Making its first appearance with Hi Park lassies is folk and square dancing. This program consists of learning how to do dances from such countries as Sweden, Denmark, Ireland, Mexico, and Texas.

We wind up our wonderful year with that rollicking game of softball. Some girls have excelled to the point where Pasquel's Beisbol Brothers and the Brooklyn Dodgers are fighting for them. Intervening with baseball is badminton.

For the "eager beavers" who enjoy these sports, games called Intramurals are played after school on Monday-Wednesday or Tuesday-Thursday. The winners of the Monday-Wednesday league play the winners of the Tuesday-Thursday league. Besides these Intramural teams each of the five gym classes has a class winner and an all-star team. Each all-star team is composed of six or twelve players . . . the best from each of the five teams in the class. The winning class team and all-star team vie for top honors with similar teams from other classes. (Confusing, isn't it?)

Concluding our professional analysis of girls' sports for the year, we would like to take this opportunity, on behalf of all the girls, to thank our teachers, Miss Gwynne Watson, Mrs. Elsie Berry, and Miss Penelope Van Buskirk. You three have taught us more than just the rules of the game. You have instilled in us the ideas of good sportsmanship, honesty, and the urge to work as a group for a common goal.

To promote fun and fellowship and to provide wholesome recreation for its members is the purpose of the Horseback Riding Club of Highland Park Senior High School. It affords an opportunity for advanced riders to improve their horsemanship and for beginners to master the fundamentals of riding. The Club has been in existence for two years under the sponsorship of Miss Van Buskirk and now has nearly two hundred active members. The girls ride twice a week, twenty at a time, over beautiful all-weather trails at the White Rock Stables under the

supervision of its owner, Tex Oddson. Business meetings and social affairs are held monthly.

On May 10 the HPHSR Club held the first of a series of Annual Horse Shows as a culminating activity of the year's work. All of the plans, ribbons, posters, and programs were made by the members. Practices under the able instruction of Tex Oddson, Ann Rutledge, and Mrs. Frank Meyers were met with great enthusiasm and co-operation from the entries. It is hoped that the shows will be both educational and entertaining to both participants and spectators alike.

The rest of the girls are busily playing the game they love best—basketball.

## Officers Front and Center

The Fifth Infantry Regiment at Highland Park High School is a unit of the Reserve Officers Training Corps of the Army of the United States, Junior Division, directed in Dallas and Highland Park High Schools by the 4523rd ASU ROTC, commanded by Lt. Col. R. L. Moses, PMS&T. The regiment is organized into a single battalion, with five companies and the band. Under the fine leadership of Floyd Hightower, Lt. (S) USNR, commandant, Col. Inst. Newman Casey, assistant commandant, and the attached army personnel, the unit instills in the cadets pride in country, flag, and uniform; efficiency and the desire to get ahead; ability to lead, and to follow; and a knowledge of the functions, practices, and skills of an army in peace or war. The Fifth Infantry Band, under the able direction of Col. Inst. Emerson Boroughs, has distinguished itself as one of the best of military and high school bands. In application of its military discipline, the subordination of the individual to the welfare of the group, the ROTC is helping to prepare the cadets to be better, more tolerant, open-minded, co-operative, and useful citizens in tomorrow's world. This picture was taken at one of the regiment's weekly parades.

## Band

A busy band and a growing band at Highland Park High School was evident in the session of 1946-'47. The band remains a superior school organization and one outstanding in performances and achievements. Amidst the continuous stream of band activities were the school assemblies, which received wall-shaking applause from an enthusiastic audience. Along with these were the trip to Galveston for the all state music clinic, the orderly, annual Flag Day ceremony at Hockaday, that cold, frosting-your-nose-while-you-stand-at-attention flag raising ceremony at Armstrong School, downtown parades, loud pep rallies, and many football games. Besides traveling to the Odessa tragedy, the band boys made the trips to Sherman and Wichita Falls. Concentrated practice for five days a week, the private lessons all day, and the sectional rehearsals before, after, and in between school hours all helped to make success of the intramural solo contest, the two radio broadcasts at Station KGKO, Dads Club programs, and P-TA. Considerable time is spent in preparing numbers to be heard by the guest band judge at the annual Highlander Music Festival. Band members also provide the music and some marching for the weekly ROTC parades, while they maintain regular military dress requirements and military methods of procedure. "H" letters are awarded to "A" band students along with the annual banquet and picnics for all. The band has developed in music and personnel, while Colonel Emerson J. Boroughs foresees more development in the near future.

## The Highland Park Shopping Village

Among the many fine shopping areas of the Park Cities, the Village, perhaps, is outstanding. It was built in 1930 in Spanish style architecture. The merchants here, and all others whom we shall meet in these pages, have always loyally supported the Plaidsmen. As we go about the town with the Scotties, then, let us see what these merchants have to offer us, and keep in mind that which we shall see.

## TEXAS is on the March!

TEXAS is on the march INDUSTRIALLY... driving forward under full power to provide more jobs and continuing opportunities for its people. During war years, Texas demonstrated its industrial capacity and capability when its industries fulfilled \$6,418,810,000 worth of war contracts involving the production of planes and parts, explosives, synthetic rubber, steel, magnesium, gasoline, oil, and a long list of other materials and supplies requiring skilled labor.

During the war years, Texas' industrial production rose from \$450,000,000 annually to two and one-half times that amount on war contracts alone. This has resulted in expansion of plant facilities and labor force, and peace-time plans which call for even greater industrial production than during the war.

As rapidly as building materials and machinery become available, Texas cities and towns are witnessing the building of new and the expansion of existing factories and shops. Texas has everything needed by and for industry... an abundance and

diversity of raw materials and natural resources for converting into manufactured products, mild climate, excellent transportation facilities, highly intelligent and easily trained native labor... and abundant cheap electric power. Furthermore, Texas is the gateway to the Latin Americas, whether by land, by sea or by air.

By the processes of reconversion and by wise and careful planning, Texans are determined to make the most of their state's vast resources.

Texas Power & Light Company, a pioneer Texas institution, joins all of Texas in inviting the immediate attention of American industrialists to the opportunities offered by the Lone Star State.

As abundant, dependable and low-cost electric power from TP&L transmission lines was a vital factor in producing for the war, so is it now in producing for peace. This Company's industrial-minded manpower, as well as its vast power facilities, are at the disposal of those seeking to develop new or to expand existing industrial opportunities in Texas
